

DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Please read all directions carefully before using this product.

To Operate: Turn nozzle to mist or stream position.

For best results, clean with a Bona *PowerPlus*® Microfiber Deep Clean Pad.

PRECAUTIONARY STATEMENTS - HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. Extended contact with the product may result in a temporary white appearance or foaming on dry or damaged skin. This is a common reaction to the hydrogen peroxide and will disappear quickly. To minimize the effect, rinse hands promptly after using the product.

FIRST AID: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. For emergency information, call your poison control center at 1-800-222-1222.

STORAGE AND DISPOSAL:

Store in a cool, dry place that is inaccessible to small children. Refillable container. Do not reuse this container with any other product or for any other purpose. If not refilling, discard in trash or offer for recycling.

Performance you expect, with the ingredients you can trust. Clean without compromise. Bona's *PowerPlus*® Antibacterial Hard-Surface Floor Cleaner cleans and disinfects with the power of hydrogen peroxide, and is free of harsh chemicals. This ready-to-use antibacterial cleaner is uniquely formulated to powerfully clean and effortlessly remove stubborn stains while killing 99.9% of household germs.* It leaves your home smelling fresh and clean with no harsh chemical smell.

*Kills 99.9% of Influenza A H1N1 Virus, Rhinovirus, Escherichia coli, Listeria monocytogenes, Pseudomonas aeruginosa, Salmonella enterica, Staphylococcus aureus, Methicillin-resistant Staphylococcus aureus [MRSA], and Trichophyton mentagrophytes.
